The steamship Bremen will take the regular mail for Europe to-morrow, in place of the City of Dublin. The mail at the Post-Oillee will close at 12 m., and at the Foreign Letter Office, No. 19 William-st., at 1 p. m. Extra mails for Europe, via Southampton, to-morrow,

per steamer Bremen, will close at 1:13 p. m. at the Merchants' Exchange, Nos. 50 and 52 Pine-et.

The money market has ruled active throughout, and we generally quote money on call at 4 and 5 per cent to the Government bond houses, and at 5 and 6 per cent to the stock houses, good borrowers being at all times accommodated at these rates, though in no inconsiderable number of instances 7 per cent was freely bid and paid. Money appears to be hardening pretty nearly all over the country, and though we do not expect a stringency, yet a fair 7 per cent market may be expected, and this would exert a healthful influence on the Stock Exchange.

BANKING AND FINANCIAL. FIRST MORTGAGE SINKING FUND LAND GRANT BONDS

St. Joseph and Denver City Railroad Company IN DENOMINATIONS OF \$1,000, \$500 AND \$100, can now be had from the undersigned or through the principal banks and bankers of the United States. The attention of investors is invited to the merits of these Bonds, secured by a first and only mortgage on

between New-York and San Francisco some 230 miles. and in addition the mortgage to secure the Bonds covers a land grant of 1,500,000 scree of the most fertile land in the West, which is prohibited from being sold at less than four (\$4) dollars per acre by the terms of the mortgage deed, and according to the present market price of the Illinois Central Company's lands is worth \$18,750,000. This loan was originaily for \$5,500,000, but has been largely reduced by subscriptions of actual investors. The remaining balance of the loan is offered at 971 and accrued interest, but the right is reserved to advance the price at any time, without notice.

The Bonds have thirty years to run; bear 8 per cent interest, payable in New-York, London or Frankfort-on-the-Main, at the option of the holder, without notice, free of taxes. BOTH PRINCIPAL AND INTEREST ARE PAYABLE IN GOLD. They are Coupon Bonds, but can be registered with the coupons on, or can be registered with the coupons OFF, and interest paid to registered owner. Interest payable August 15 and February 15. A liberal sinking fund, formed from the entire land sales, in payment for which the bonds will be received at par and accrued interest, provides for the early extinguishment

Though acting as agents for the sale of this loan, our firm buy and sell in their regular business the bonds of the St. Joseph and Denver City Railroad Company, those of the Eastern Division being now quoted at 102 and accrued interest. CHESAPEAKE AND OHIO RAILROAD SIX PER CENT

BONDS. OFFICE OF FISK & HATCH,

Bankers and Dealers in Government Securities, No. 5 NASSAU-ST., New-York, Sept. 15, 1871. The amount of these bonds remaining unsold is now so small, and the demand continues so great, that we expect soon to close out the remainder of the loan. They are issued in sums of \$1,000, \$500, and \$100 each, either coupon or registered; interest payable Mayand November; interest and principal payable in coin in New-York City.

Holders of United States Sixes of 1881, Ten-Forties, and especially Five-Twenties, can largely increase their capital (17 to 25 per cent) and income by exchanging for these bonds. Price to-day, 93 and accrued interest. We recommend them with the same entire confidence that we did the Central Pacific Railroad Bonds, now selling at a premium, and we believe they will, in time, command the same favorable estimation and price.

The First Mortgage Seven Per Cent Gold Bonds of the West Wisconsin Railway Company offer a rare chance for safe and profitable investment. They are a first and only lien upon the Road, which is very nearly completed, the rolling stock, telegraph, land grant, and all the property of the Company. The lands are released from taxation and are worth more than the whole amount of the mortgage. The Road will form the Great Air Line Route from Chicago and Milicaukee to St. Paut and the North-West. First Mortgage, Convertible. PER CENT GOLD BONDS

PEORIA AND ROCK ISLAND RAILWAY

OF ILLINOIS.

First Mortgage Bonds - - - \$1,500,000 Capital Stock - - - - 2,000,000 This is a COMPI, RTE 19 Road 91 miles in length, connecting the im-oriant cities of Peoria on the Iffinois River and Pock Island, Moline and portant cities of Feorta on the limous kirver and rock instant, monase and Daresport on the Minslasippi. Daresport, on the opposite bank of the River, is connected by a mailway bridge. The last rail of this road was laid July 7, 1871, and the line is now open and being operated with success exceeding all anticipations. In order to place upon the road the large equipment necessary for the business offered, and to construct depots, oar and ergins-houses, machine-shops, &c., equal to any of the best old roads in the country, as is now required of this, the Company CRUED INTEREST IN CURRENCY. Principal and interest payable in coin at New-York or London, free of fax. This road, opened for the immense local as well as through traffic.

road passes through caltivated fields, and many flourishing towns and villages, with a large city and a navigable river at each end. Railroads in the West have been heretofore constructed through unsettled and uncultivated regions of the country, consequently have had but little local traffic to depend upon for several years after construction. But the Peoria and Rock Island Railway is a first-class COMPLETED road. with NO PARALLEL or COMPETING LINE, and RUNS THROUGH ONE OF THE RICHEST AGRICULTURAL, MANUFACTURING, AND MOST POPULOUS DISTRICTS IN THE WEST. Thus it is certain that the local lexicous is already more than enough to sustain the road,

We invite the attention of investors to this loan. Deing familiar with the wealth and resources of the country along the fine of this railway, and A MEMBER OF OUR FIRM HAVING MADE A CAREFUL EXAMINATION OF THE ROAD AND ITS PROPERTY, WE CAN WITH THE UTMOST CONFIDENCE RECOMMEND THE BONDS AS A PRIME SECURITY, reliable and safe in every particular. All marketable securities received in exchange at full rates, and bonds delivered to all parts of the country, free of express charges.

Maps, circulars, &c., with full particulars relating to the road, farnished on application by the underwigned, Financial Agents of the Company.
